# Installation Commander's Proclamation

## DOMESTIC VIOLENCE PREVENTION MONTH IN THE ARMY

Throughout the year and especially during October we focus on domestic violence prevention in the Army.

Prevention of domestic violence in our communities is everyone's responsibility and can only be successful when it is pursued 24/7 each day of the year.

Therefore, I call upon everyone in the Bamberg German American community to join me in our campaign to promote awareness about domestic violence.

Knowledge, individual commitment and our collective sense of community are tools required to enhance the safety and well-being of our families.

Our Family Advocacy Program staff, including victim advocates, will lead the way with law enforcement staff in our domestic violence prevention campaign. Continuing to build strong partnerships between Warner Barracks and the larger community is critical in reducing the incidence of this serious issue. Every home should be a safe home.
